FEATURES

- **Colour:** white
- **Thickness:** 550 µm (± 10%)
- **Weight:** 585 g/m² (± 10%)
- Standard **dimensions:** length 50 cm

Wrist and forearm fastening with polyester elastic.

NORMS & REGULATIONS

- Basic material in accordance with **EC N° 1935/2004** Regulation on materials and articles intended to come into contact with food and regulation **UE N°2023/2006** on good manufacturing practice for materials and articles intended to come into contact with food.
- Basic material in accordance with the decree of **August 5, 2020** relating to rubber materials and objects intended to come into contact with foodstuffs and pacifiers for infants and young children. This material is not intended for oral contact as described in appendix III and IV.
- Material in accordance with Article 33 of the **REACH Regulation N°1907/2006** on products containing SVHC and its amendments.
- Does not contain phthalate, or silicone (and silicone derivatives), or bisphenols.

CLEANING

Cleaning: wash and brush the apron in hot soapy water (40°C) or in a mixture of water and a gentle detergent.

Rinsing: with water. Do not use toxic products to clean or rinse the apron. **Storage:** After cleaning, store in a dark, dry, well-ventilated place. The oversleeves must be replaced when they show signs of wear and tear.

With a proper use and a good maintenance, your oversleeves last longer!
